Canada's Century: Governance in a Maturing Society

C. E. S. Franks, J. E. Hodgetts, O. P. Dwivedi, Doug Williams, and V. Seymour Wilson

In 1991, Canada's Century: Governance in a Maturing Society was published. The book explores the governance and development of Canada during the 20th century, focusing on the maturing society and its political, economic, and social changes. The contributors examine various aspects of Canadian governance and the role of the government in shaping the nation's development.

The book is divided into several sections, each focusing on a particular aspect of governance. It covers topics such as the role of the government in economic development, the role of the government in social policy, and the impact of international events on Canadian governance. The contributors also discuss the impact of technology and globalization on Canadian governance.

The book is a valuable resource for students and scholars interested in Canadian governance and the 20th-century history of Canada. It provides a comprehensive overview of the development of Canadian governance and the role of the government in shaping the nation's development.
